1. BELIEVE SHOULD FOLLOW COURSE ACTION OUTLINED PARA 4 BRAVO REF.  
CERTAINLY WOULD PREFER SITE WITHOUT POWER LINE PROBLEM BUT IN TAKING REALISTIC  
VIEW BELIEVE SEPARATION 500 METERS CAN BE TOLERATED IF LINE QUALITY IS HIGH,  
HOWEVER WOULD DESIRE ACTUAL MEASUREMENT NOISE LEVEL BEFORE FINAL DECISION REACHED.

25X1A

2. IN CONSIDERATION COST AND TIME FACTORS CONVERT T SITE TO RECEIVER  
STATION BELIEVE THIS WOULD BE ACCEPTABLE ONLY IF ALL OTHER AVENUES CLOSED.  
EVEN THEN WOULD REQUIRE CAREFUL CONSIDERATION AND FULL EXPLORATION IMPACT SUCH  
DECISION.
